I attended the Global Trade in Services Summit as a panelist at the invitation of Great-Idea. It was a very well organized conference with Senior Government support. Salida, Sunny and the rest of the team offered us every assistance. Enjoyable event and met several interesting people.

All my congratulations for the team of the Beijing Great-Idea Business Resources Co., Ltd.

Special mention to Sunny Liu for all the time she has spent helping me through the whole process. Thank you very much Salida for the great arrangements, as well as other guys including the people they worked during the registration time. All of them they have done an amazing job. I really enjoyed it. I hope to keep in touch and looking forward to seeing everyone once again.

Great-Idea conference planning was very professional. Communication was always fast and to the point. Transportation and hotel arrangements were flawless. The program and collection of speakers were very good. If Salida, Sunny and the rest of the team call me again to speak, I'd be delighted to work with them again. Congratulations on your fine work at the Global Trade in Services Summit 2017!

Let me take the time to express thanks to Sunny and the team for a fantastic experience at the GTSS earlier this month in Nanjing China. I have been to countless conferences globally, and the GTSS in Nanjing is up there with the very best. Meeting with and connecting with other key players in the industry is very good experience. And we are expecting the future chance for next time participation. Congratulations to you all.

Thanks for GI team for their work done for us. We are impressed by the wonderful opening ceremony and the business match-making session. The picture above is for showing us doing the business match with a local company called Biotech Co., Ltd. We are glad to be invited again for next time!

Thank you Sunny for inviting MediGuide to the summit. It was a great event that gathered lots of industry experts. Insights from different stakeholders of healthcare had been presented and discussed on the conference. Communication opportunities with client companies had been well organized. A very good event!

Thanks Sunny for your inviting to the conference and as a Spanish Medical Tourism Organization, we have talked to several organizations including Qinhuai TCM Hospital. China is a big market for outbound medical tourism. I would come again next time for big event.

Thanks Sunny and Salida and GI team for inviting me to GTSS. And this is the 4th time for me to attend GI hosted event. The city investigation tour + business match work well for me. And I talked to different enterprises and would like to explore more potential opportunities for outbound & inbound medical tourism.

Thanks so much for your all support and arrangement during this forum. The arrangement was excellent. It was good chance to know new trend in biz in China and what kind of investment and partners re doing in China. When you have any other chance to join your event kindly let me know again and I will try to find my time.

Much appreciate your invitation for the summit. I am really contacting with many companies in the summit and also obtained many information and update from the summit which is very useful for me. An addition, your warm and kind welcome, help and arrangement really impressed me. I would like to say this is fantastic conference and good job to all of you. Many Thanks!
