This Forum was one of the very best organized events that I have had the privilege to attend. From the quality of the registration process, to the excellent presentations, and the opportunity to network and explore new business opportunities with Nantong government, industry officials and fellow business executives. Every moment was superb and top-notch and exceeded my expectations. Thanks to GI' s team, and the entire organizing committee and staff for their impressive attention to every detail and making Nantong a destination I look forward coming back to.

I would like to thank GI's team for arranging such an amazing event. It was both enjoyable and insightful. The event was well organized, being in China for the first time it was a new experience for me but the team made the whole experience seamless , nothing was too much trouble and everything was well planned and communicated. I would love the opportunity to come back to such a beautiful country.
